### PRESS RELEASE

February 28, 2025

## Part of intersection to close Monday

MCPHERSON — In order to prepare for the final stage of the Elm Street Draining project (Euclid Extension), the Board of Public Utilities will need to move a water line at the intersection of Maple and Euclid Streets.

This will force a closure of the south leg of that intersection for approximately two weeks beginning Monday, March 3, 2025.

The other three legs of the intersection should remain open during this time.
