INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Commission
McPherson, Kansas 67460

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of McPherson, Kansas, a Municipal Financial Reporting Entity as of and for the year ended December 31, 2017 and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the City of McPherson, Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of McPherson, Kansas as of December 31, 2017, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City of McPherson, Kansas as of December 31, 2017, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the 2017 fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-actual-related municipal entity (Schedules 1, 2 and 3 as listed in the table of contents) are presented for analysis and are not a required part of the 2017 basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 basic financial statement. The 2017 information has been subjected to the auditing procedures applied in the audit of the 2017 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2017 basic financial statement or to the 2017 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2017 basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the City of McPherson, Kansas as of and for the year ended December 31, 2016 (not presented herein), and have issued our report thereon dated July 3, 2017, which contained an unmodified opinion on the basic financial statement. The 2016 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <http://www.admin.ks.gov/offices/chief-financial-officer/municipal-services>. The 2016 actual column (2016 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures – actual and budget for the year ended December 31, 2017 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2016 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2016 basic financial statement. The 2016 comparative information was subjected to the auditing procedures applied in the audit of the 2016 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2016 basic financial statement or to the 2016 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2016 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended December 31, 2016, on the basis of accounting described in Note 1.

CITY OF MCPHERSON, KANSAS
NOTES TO FINANCIAL STATEMENT
For the Year Ended December 31, 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Municipal Financial Reporting Entity

The City of McPherson, Kansas (the City) is a municipal corporation governed by an elected three-member commission. The financial statement presents the City of McPherson (a municipal financial reporting entity) and its related municipal entities. The Board of Public Utilities of McPherson, Kansas (the BPU) consists of the municipal electric and water utilities that provide services to approximately 8,500 electric and 5,700 water customers. The BPU's operational control and administration is under a three-member appointed Board of Directors. However, the BPU is owned by and is a part of the municipality of the City because the City holds the corporate powers of the BPU. The BPU is considered an administrative agency of the City by statute. The City has the following related municipal entity shown on Schedule 3.

Library Board. The City of McPherson Library Board operates the City's public library. Acquisition or disposition of real property by the Library Board must be approved by the City. Bond issuances must also be approved by the City. Complete financial records for the Library Board may be reviewed at the administrative offices of the entity at 214 W. Marlin, McPherson, Kansas, 67460.

The City also has a related municipal entity as follows shown on Schedule 2 as a Special Purpose Fund.

McPherson Landfill Improvement Corporation. The City of McPherson owns a former landfill site south of McPherson. Complete financial records for the McPherson Landfill Improvement Corporation may be reviewed at the administrative offices of the entity at 400 E. Kansas, McPherson, Kansas, 67460.

(b) Regulatory Basis Fund Types

General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Fund – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Fund – funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund, etc.).

Trust Fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (i.e. payroll clearing fund, county treasurer tax collection accounts, etc.).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

(c) Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for the application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

(d) Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, Special Purpose Funds (unless specifically exempted by statute), Bond and Interest Funds and Business Funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1) Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2) Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3) Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4) Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for the year 2017.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for Capital Project Funds, Agency Funds, Trust Funds and certain Special Purpose Funds and the Related Municipal Entity as noted in the presentation of the appropriate Schedule 2.

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Kansas Statutes

No statute violations noted in 2017.

3. DEPOSITS AND INVESTMENTS

As of December 31, 2017, the City had the following investments:

Investment Type	Fair Value	Investments Maturities (in Years)					Rating
		Less than 1	1-5	6-10	More than 10		
Kansas Municipal Investment Pool	\$ 10,505,991	\$ 10,505,991	\$ -	\$ -	\$ -	N/A	

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of returns on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has an investment policy that does not further limit its investment choices. The rating of the City's investment is noted above.

Concentration of credit risk. State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The City's allocation of investments as of December 31, 2017, is as follows:

Investments	Percentage of Investments
Kansas Municipal Investment Pool	100%

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured by December 31, 2017.

At December 31, 2017, the City's and Library's carrying amount of deposit was \$67,563,032 and the bank balance was \$67,771,335. The bank balance was held by seven banks resulting in a concentration of credit risk. Of the bank balance, \$1,750,000 was covered by federal depository insurance and \$66,021,335 was collateralized with securities held by the pledging financial institutions' agents in the City's name.

Custodial credit risk – investments. For an investment, this is the risk that in the event of the failure of the issuer or counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At December 31, 2017, the City had invested \$10,505,991 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

4. LONG-TERM DEBT

Changes in long-term liabilities for the City for the year ended December 31, 2017 were as follows:

Issue	Interest Issue	Date of Issue	Amount of Issue	Original Date of Final Maturity	Balance Beginning of Year	Additions	Reductions of Principal	Balance End of Year	Interest Paid
General Obligation Bonds:									
Series 131 of 2006	4.00% to 5.00%	7/15/06	\$ 1,470,000	8/1/26	\$ 725,000	\$ -	\$ 725,000	\$ -	\$ 30,935
Series 132 of 2007	4.15% to 5.50%	8/1/07	1,040,000	8/1/27	520,000	-	520,000	-	23,490
Series 133 of 2009	2.55% to 4.50%	7/30/09	1,045,000	8/1/29	715,000	-	715,000	-	29,175
Series 134 of 2011	2.00% to 3.50%	6/15/11	2,965,000	8/1/23	970,000	-	970,000	-	26,800
Series 135 of 2012	2.00% to 3.10%	8/1/12	340,000	8/1/32	285,000	-	15,000	270,000	8,340
Series 136 of 2013	2.00% to 4.00%	8/15/13	9,585,000	8/1/33	7,060,000	-	1,085,000	5,975,000	212,000
Series 137 of 2015	2.00% to 3.00%	7/22/15	3,750,000	7/1/25	3,065,000	-	745,000	2,320,000	76,150
Series 138 of 2017	2.00% to 3.00%	7/26/17	2,660,000	8/1/37	-	2,660,000	-	2,660,000	-

Continuing Disclosure Requirements

The City of McPherson as Issuer and Dissemination Agent, did not post the prior year Annual Audit Report to EMMA (Electronic Municipal Market Access) on a timely basis (a requirement of no later than 210 days after the year-end) as reflected in the continuing disclosure instruction of the City's bond documents. The 2016 Annual Audit Report was posted to EMMA on July 25, 2017.

Arbitrage Calculations

Based on the opinion letters from Gilmore & Bell, P.C. of Kansas City, MO, the City of McPherson, as Issuer, is in compliance with the arbitrage rebate calculations pursuant to Code Section 148(f) of the Internal Revenue Code of 1986 as amended.

4. LONG-TERM DEBT (CONT.)

Current maturities of long-term debt and interest for the next five years and in five year increments through maturity are as follows:

	Year									Total

5. PENSION COSTS AND EMPLOYEE BENEFITS

(a) Defined Benefit Pension Plan

Plan Description. The City and the BPU participates in the Kansas Public Employees Retirement System (KPERS) and the Kansas Police and Firemen's Retirement System (KP&F). Both are part of a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS and KP&F issue a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 and KP&F be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate with a 0% moratorium from the period of January 1, 2017 through September 30, 2017 for Death and Disability Program) and the statutory contribution rate was 8.46% for KPERS and 19.03% for KP&F for the fiscal year ended December 31, 2017. Contributions to the pension plan from the City and BPU were \$725,360 for KPERS and \$516,568 for KP&F (Library was \$39,447) for the year ended December 31, 2017.

Net Pension Liability. At December 31, 2017, the City and BPU's proportionate share of the collective net pension liability reported by KPERS was \$6,870,430 and \$4,981,533 for KP&F (Library was \$387,853). The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. The City and BPU's proportion of the net pension liability was based on the ratio of the City and BPU's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

(b) Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is available to all employees who qualify under the plan terms, and permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

5. PENSION COSTS AND EMPLOYEE BENEFITS (CONT.)

(c) Other Employee Benefits

Vacation – Vacation leave shall be accrued from the employee's date of employment as stipulated hereinafter. If not taken, vacation leave shall accrue from year to year up to the maximum provided depending upon the employee's years of service. No vacation leave shall be taken until a new employee has completed the evaluation period.

Each permanent full-time employee will accrue vacation leave as follows:

Years of Service	Hours Accrued Per Year	Maximum Accumulation
0 to 5 years	80 working hours	120 working hours
5 to 15 years	120 working hours	180 working hours
15 to 25 years	160 working hours	240 working hours
After 25 years	200 working hours	300 working hours

An employee shall be paid for all accumulated unused vacation leave upon termination.

Sick leave – All full and part-time employees shall be entitled to sick leave with pay for absences resulting from personal illness, injuries, accidents or other physical incapacities, occurring either on or off the job. Full-time employees shall earn one working day of sick leave for each full month of service. Part-time employees shall receive the equivalent of a regularly scheduled day for each full month of service. Other employees shall not have paid sick leave. An employee beginning work on or before the 15th of the month shall get credit for a full month. On termination of employment an employee shall not be paid for accumulated sick leave. Accordingly, no provision for accumulated sick leave has been made in the accompanying financial statement.

(d) Other Post Employment Benefits

As provided by K.S.A. 12-5040, the City allows retirees to participate in the group health insurance plan until they reach 65 years of age. While each retiree pays the full amount of the applicable premium, conceptually, the City is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in the financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

6. SELF-INSURANCE PROGRAM

The City is responsible for a potential liability up to \$100,000 per individual per year for health care claims. This plan had fixed costs of \$93,786. Management believes claims incurred, but not reported, are insignificant at December 31, 2017. Starting December 31, 2007, the City chose to not self-insure for workers' compensation. Changes in health insurance claims liability for 2017 and 2016 were as follows:

	2017	2016
Beginning Balance	\$ 20,000	\$ 160,000
Additions	1,818,067	2,481,401
Payments	(1,758,067)	(2,621,401)
Ending Balance	\$ 80,000	\$ 20,000

7. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

The McPherson Area Solid Waste Utility (the Utility), of which the City of McPherson is a member, is subject to the U.S. Environmental Protection Agency rule "Solid Waste Disposal Facility Criteria" which establishes closure requirements for all municipal solid waste landfills that receive solid waste after October 9, 1991. The Utility is responsible for operating and other costs including postclosure costs while it is in existence. Any possible contributions by Utility members required to fund postclosure requirements is not determinable at this time.

The City is subject to various laws and regulations with respect to environmental matters such as air and water quality. The effect of any future changes in environmental laws and/or regulations cannot be estimated. However, compliance with such changes may necessitate substantial expenditures.

8. CLAIMS AND JUDGMENTS

The City participates in federal, state and county programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of the date of this report, grant expenditures have not been audited, but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the City.

The City is exposed to various risks of loss related to property loss; torts; theft of, damage to, and destruction of assets; errors and omissions; employee injuries and natural disasters. The City has purchased commercial insurance for these potential risks. There have been no significant reductions in insurance coverage from 2016 to 2017 and there were no settlements that exceeded insurance coverage in the past three years.

During the ordinary course of its operations, the City is a party to various claims, legal actions and complaints. It is the opinion of the City's management and legal counsel that these matters are not anticipated to have a material impact on the City.

9. LANDFILL CLOSURE AND POSTCLOSURE CARE COST

The City of McPherson and the Kansas Department of Health and Environment (KDHE) entered into a voluntary settlement agreement as of November 6, 1992. The settlement agreement concerns the preparation of a remedial investigation and feasibility study, and participation in good faith negotiations for remedial activities, if required, to be determined following opportunity for public involvement for an area known as the "McPherson City Landfill" located near McPherson, Kansas.

In entering into this settlement agreement, the KDHE and the City of McPherson were going to determine the nature and extent of contamination and any threat to the public health, welfare or the environment caused by the release or threatened release of hazardous substances, pollutants or contaminants at or from the McPherson City Landfill. Once these determinations were made the City of McPherson submitted a work plan for Phase I activities. They were also required to submit plans for Phase II, III and IV, which dealt with closure and postclosure activities. As of July 29, 2005, the City of McPherson had performed entirely the closure activities of the settlement agreement at a total cost of approximately \$424,000. Postclosure expenditures are estimated to be approximately \$450,000 spread over a twenty-year period.

10. CAPITAL LEASE – RECREATION COMPLEX

During the year ended December 31, 1996, the City entered into a Lease Purchase Agreement with Security Bank of Kansas City, as lessor, providing for the acquisition and construction of an outdoor recreational complex (the "Project") to be operated and maintained by the McPherson Recreation Commission (the "Commission"). Funds for acquisition and construction were raised by the lessor by the issuance of Certificates of Participation in the Lease Purchase Agreement in the amount of \$1,000,000. As part of this financing structure, the bank, acting as lessor and trustee for the owners of the Certificates of Participation, paid the purchase price for the site for the Project, which was deeded to the City. The City then leased the site to the bank under a Site Lease, and leased it and the improvements constructed back from the bank under the Lease Purchase Agreement. The terms of the Site Lease and the Lease Purchase Agreement run simultaneously. Rentals payable under the Lease Purchase Agreement will be adequate to pay the owners of the Certificates of Participation their original investment plus interest. Upon payment of all rental payments under the Lease Purchase Agreement, the City has the right to own the Project free of any claims of the bank.

On November 12, 2013, the Certificates of Participation Series were paid in full. This fulfilled the contractual obligations of the Lease Purchase Agreement.

On August 15, 2013, the City issued General Obligation Bonds Series 136, of which, \$800,000 of the bond proceeds were for the purpose of funding a large portion of public building improvements to the existing Grant Field Complex in the form of additional restrooms and storage, additional ball fields including fences, dugouts, and bleachers, as well as irrigation system to the new fields and existing fields and project drainage system. The total estimated cost of the project was \$976,500. The \$800,000 portion of the bond issue is funded by 20-year bonds and is scheduled to be paid by lease payments from the Commission. In June 2013, the Commission entered into a 10-year lease ending May 31, 2023 to lease Grant Field Complex from the City. The lease will automatically renew for a second 10-year term unless either party notifies the other in writing 90 days or more before the end of the first term. The Commission shall pay the City annual rental payments enough to pay all debt services related to, or associated with, the facility and are summarized below:

Year	Total Basic Rental Payment	Principal Component	Interest Component
2018	\$ 60,362	\$ 35,000	\$ 25,362
2019	59,400	35,000	24,400
2020	58,350	35,000	23,350
2021	57,300	35,000	22,300
2022	56,250	35,000	21,250

11. REVENUE BONDS

The various bond ordinances require that certain restricted funds be established to ensure the payment of bonds and interest and to enable the City to meet future needs arising from unusual maintenance requirements or income shortfalls. The ordinances also require the City, among other things, to establish rates and collect charges sufficient to pay the operating maintenance and debt service costs of the utilities and to provide net operating income before depreciation and payment in lieu of taxes, of at least 125% for the electric fund and 125% for the water fund of the maximum annual debt service due on the outstanding bonds. As of December 31, 2017, the City exceeded this coverage requirement for electric and water debt. All of the City's utility plant facilities are pledged under the terms of the ordinances. The City was in compliance with all other requirements of the revenue bond ordinances at December 31, 2017.

12. INTERFUND TRANSFERS

13. OTHER RELATIONSHIPS

McPherson Area Solid Waste Utility

The City of McPherson along with McPherson County and seven other cities located within McPherson County entered into an interlocal agreement, authorized by State Statute, to form the McPherson Area Solid Waste Utility (the Utility) effective July 17, 1991. The purpose of the Utility is to assist its Members in planning, technical and financial matters for comprehensive solid waste management and accomplish the desired objectives of an effective county-wide solid waste management program, including the operation of a cooperative solid waste management program and the operation of a cooperative solid waste processing and disposal system for the benefit of its Members.

Management of the Utility is carried out by an appointed three member Board of Directors. The City appoints one member to the Board of Directors, McPherson County appoints a second Director and the third Director is appointed collectively by the other seven Members of the Utility.

The agreement and the Utility may be terminated by written consent of at least two-thirds of the Members, provided that prior to such termination all contractual obligations and indebtedness of the Utility have been paid in full or sufficient resources have been escrowed for the payment of such obligations in full when due. Upon such termination, the Board of Directors shall liquidate the Utility and distribute the assets in a manner that, in its discretion, it deems appropriate. Accordingly, any ongoing financial interest or access to the Utility's resources is indeterminable until such action is taken by its Board of Directors. In addition, no Member shall be permitted to withdraw for twenty years or such sooner time as provision is made for the payment or discharge of the debt incurred by the County or assumed by the Utility. Any withdrawing Member shall not be entitled to distribution of any real or personal property of the Utility by reason of its withdrawal.

The Board of Directors shall determine the methods of obtaining financing for the Utility. The County provided the initial financing for the acquisition of land to be used as a site for disposal of refuse, constructing structures and acquiring equipment necessary for the sanitary disposal of refuse in McPherson County. Effective January 1, 1992, the fiscal accounting and operations of the Utility were transferred from McPherson County to management of the Utility.

Financial information of the McPherson Area Solid Waste Utility is not included in this report. Complete financial statements may be obtained from the administrative offices of the entity at 1431 17th Ave, McPherson, KS 67460.

McPherson City/County Airport

The McPherson Airport Authority (the Authority) was established as provided for by applicable State Statutes. The property and business of the Authority is managed by its Board of Directors. The Board consists of five directors. Four directors are selected by the governing bodies of the City and County, two by the City and two by the County, and one at-large director is selected by the other four. Each entity provides ongoing financial responsibility through annual appropriations for the operation of the airport on an equal basis, as determined through the preparation of an annual operating budget. The City of McPherson levies property taxes for its allocation and McPherson County funding is provided from the County's General Fund.

The Authority is authorized only to issue revenue bonds, notes or other evidence of indebtedness payable from airport revenues. Title to the airport property remains with the City and County as equal co-owners. Title to all real and personal property purchased with funds of the Authority will be acquired, held and disposed of in the name of the Authority unless otherwise required by law or by the terms of a gift or grant. The Authority may be dissolved by vote of at least two-thirds (2/3) of the respective governing body members of each owner. The Board of Directors of the Authority shall liquidate the assets of the Authority and distribute the assets of the Authority or the net proceeds thereof to the City and County in a manner to be determined by it pursuant to law. Full possession and use of the Airport shall revert to the owners as equal tenants in common upon termination of the Authority.

The Authority was awarded a \$1,976,801 federal grant in 2015 to Rehabilitate and Realign (parallel) Taxiway A and Reconstruct Taxiway A3. The design of this project was completed in 2015 and has a projected cost of \$2,196,446 including the cost of the design. Construction of the project is expected to begin in 2018 when the first federal funds are expected to be received. The project is expected to be completed in 2018 or early 2019. The City and County will be expected to share in funding the required local 10% match of the project.

Complete financial information for the McPherson City/County Airport may be obtained from the administrative offices of the entity at 1000 S. Bypass, McPherson, KS 67460.

14. CAPITAL PROJECTS

Capital project authorizations with approved change orders compared with expenditures (excluding principal and interest, legal fees, etc.) from inception are as follows:

	Project Authorization	Expenditures to Date
Calvary Street	\$ 280,855	\$ 212,334

Premier SSD #202	362,667	15,697
Premier Paving Improvement	643,789	103,349
Hulse Area Drainage Improvement	269,146	167,249
Total	<u>\$ 10,804,366</u>	<u>\$ 7,164,113</u>

15. SUBSEQUENT EVENTS

On January 17, 2018 the City was awarded a \$300,000 Community Development Block Grant (CDBG) by the Kansas Department of Commerce. The CDBG is a federal program designed to benefit low to moderate income families by providing specific home improvements. The grant allows for housing rehabilitation for five owner occupied homes, six rental units and two home demolitions. This CDBG project is expected to be completed by the Fall of 2019.

In the Summer of 2015 construction began on West Trunk Line, Centennial Drive Sewer, Lift Station #4 and SSD #033C Improvements, as well as the reconstruction of Wastewater Treatment Plant Road. Most of these projects were completed in 2016. The final project, Lift Station #4 was completed in May 2018. Initially the estimated cost of these projects was \$5,863,464, however the actual costs totaled only \$4,259,216 and has been funded with a Kansas Department of Health and Environment Revolving Loan Fund. Interest payments on the draw downs of the revolving loan are currently being made every six months. The final amortization schedule of this loan is expected to be set in late summer of 2018.

In 2015 the City entered into agreement with the Kansas Department of Transportation to receive fund reimbursement under the Federal-Aid Transportation Act for Transportation Alternatives (TA) projects by a pass through Federal Surface Transportation Program (STP). This TA sidewalk project will be constructed from Wall Park (south central part of the City) proceeding east and running parallel to East Avenue A and ending at Thunderbird Street. The estimated cost of the project including engineering is \$1,161,732 of which the City is responsible for 40% of the original estimate of \$504,850. Any cost over the \$504,850 will be the responsibility of the City. As of December 31, 2017 the accumulated amount spent on this project was only \$1,110,502.

On April 15, 2016 the City received notice that it had been awarded an additional maximum TA federal funding in the amount of \$1,102,144. This second project (Phase II) starts on east Avenue A where the first project ended (Thunderbird Street) and proceeds east to Centennial Drive and then north to the retail area near Centennial Drive and Kansas Avenue. The projected total cost of this second TA project is \$1,377,680. The City's responsibility is the 20% match (\$275,536) plus all design, right of way acquisition and utility costs, as well as any non-participating costs over the federal award. As of December 31, 2017 the accumulated amount of this Phase II of the project was \$323,011. Phase II of this TA project is expected to be completed by the end of 2018.

15. SUBSEQUENT EVENTS (CONT.)

On May 8, 2017 the City Commission approved a design/build agreement for the renovation of the Community Building. This project is expected to cost approximately \$4,300,000 and will be started once the building is inspected and any asbestos material is remediated. The estimated one year renovation is anticipated to begin in the Summer of 2018. In May of 2018 it was determined that this project will qualify for historical tax credits. After the completion of the project it is expected that the historical tax credits will be sold and an anticipated \$1,010,000 that would be netted from the sale. This remainder of the cost is anticipated to be funded by current and accumulated revenue from a one-half cent sales tax issue passed in August of 2012, as well as a 24-month Temporary Note issued later in 2018 with the Temporary Note being repaid by the same sales tax revenue stream. Later in 2018 the City is expected to issue a Temporary Note of up to \$2,000,000 to bridge the financing of the Community Building Renovation.

On May 15, 2017 the City Commission approved \$396,949 in improvements to the Wall Park Tennis Courts for post tension concrete overlay on the existing six courts as well as building four new Quickstart (youth) tennis courts with the same post tension concrete overlay concept. On July 24, 2017 the Commission approved \$99,968 in drainage improvements that needed to be done in the area. On June 4, 2018 an amount of \$155,679 was approved by the Commission to construct a new pavilion and rest rooms on the project site. With a couple of minor change orders the cost of the total project is anticipated to be \$664,738 and is expected be completed in the early Fall of 2018. These projects are being funded out of the one-half cent sales tax issue passed in August of 2012, with the exception of \$99,968 of the drainage work being paid out of the Storm Water Utility Fund. Through 2017, private donations in the amount of \$77,082 have also partially funded this project.

Later in the Summer or Fall of 2018 the City intends to bond a few street paving and storm drainage projects as well as extend the one year \$2,700,000 2017 Temporary Note for another 12 months. The majority of the 2017 Temporary Note was used to fund the development of two residential housing projects located in the southeast quadrant of the City, and is intended to be bonded and put to specials in 2019. The City will keep all of the new expected 2018 financing under \$10,000,000 in order to be bank qualified.

Management has evaluated the effects on the financial statement of subsequent events occurring through the date of this report, which is the date at which the financial statement was available to be issued.
