

**Annual Report
For the fiscal year ended December 31, 2022**

CITY OF MCPHERSON, KANSAS

The operating data for the City of McPherson, Kansas (the “City”) for the fiscal year ended December 31, 2022, is attached as **Exhibit A**. The City’s audited financial statements for the fiscal year ended December 31, 2022, are attached as **Exhibit B**. Together, the attached operating data and audited financial statements constitute the City’s Annual Report, which is required by the City’s continuing disclosure obligations (collectively, the “**Undertaking**”) pursuant to Rule 15c2-12 under the Securities Exchange Act of 1934, as amended, for the securities listed on **Schedule 1**.

The information contained in this Annual Report is current as of December 31, 2022, or as otherwise indicated. Certain information in this Annual Report has been provided by third-party sources. Nothing contained in the Undertaking or this Annual Report is, or should be construed as, a representation by any person, including the City, that this Annual Report includes all of the information that may be material to a decision to invest in, hold or dispose of any of the securities listed on Schedule 1, or any other securities of the City. Nothing contained in this Annual Report obligates the City to update any of the financial information or operating data contained in this Annual Report.

Lease Obligations

In addition to the foregoing debt obligations, the City has entered into the following lease obligations. Lease obligations of the City constitute valid and binding obligations of the City in accordance with their terms subject to funds budgeted and appropriated for that purpose during the City's current budget year or funds made available from any lawfully operated revenue producing source as per K.S.A. 10-1116b.

<u>Purpose of Indebtedness</u>	<u>Dated Date</u>	<u>Final Payment Date</u>	<u>Original Principal Amount</u>	<u>Amount Outstanding</u>
Golf Cart	03/02/2020	03/02/2024	\$166,427	\$67,595

Source: Clerk

State Loans

The City has entered into the below described loan agreements (collectively the "Loans") with the Kansas Department of Health and Environment to finance improvements to the City's wastewater treatment plan. The term of the Loans are 20 years and provide for approximately level annual debt service payments. The Loans are "draw-down" obligations with interest accruing on the advanced principal, which interest is payable on a semi-annual basis or at the option of the City, added as principal amount of the Loan. When the improvements are complete, the final principal amount of the Loan is adjusted and Loan repayment terms are re-amortized. The Loans are secured by a pledge of revenues of the City's wastewater system and a pledge of the City's unlimited ad valorem taxes levy.

<u>Purpose of Indebtedness</u>	<u>Dated Date</u>	<u>Final Payment Date</u>	<u>Original Principal Amount</u>	<u>Amount Outstanding</u>
2015 Wastewater Improvements	3/25/2015	9/1/2036	\$4,863,464	\$3,000,974
Total				\$3,000,974

Pension and Employee Retirement Plans

The City participates in the Kansas Public Employees Retirement System (“KPERS”) established in 1962, as an instrumentality of the State, pursuant to K.S.A. 74-4901 *et seq.*, to provide retirement and related benefits to public employees in Kansas. KPERS is governed by a board of trustees consisting of nine members each of whom serve four-year terms. The board of trustees appoints an executive director to serve as the managing officer of KPERS and manage a staff to carry out daily operations of the system.

As of December 31, 2021, KPERS serves approximately 333,000 members and approximately 1,500 participating employers, including the State, school districts, counties, cities, public libraries, hospitals and other governmental units. KPERS administers the following three statewide, defined benefit retirement plans for public employees:

- (a) Kansas Public Employees Retirement System;
- (b) Kansas Police and Firemen’s Retirement System; and
- (c) Kansas Retirement System for Judges.

These three plans are separate and distinct with different membership groups, actuarial assumptions, experience, contribution rates and benefit options. The Kansas Public Employees Retirement System is the largest of the three plans, accounting for approximately 95% of the members. The Kansas Public Employees Retirement System is further divided into two separate groups, as follows:

- (a) *State/School Group* - includes members employed by the State, school districts, community colleges, vocational-technical schools and educational cooperatives. The State of Kansas makes all employer contributions for this group, the majority of which comes from the State General Fund.
- (b) *Local Group* - all participating cities, counties, library boards, water districts and political subdivisions are included in this group. Local employers contribute at a different rate than the State/School Group rate.

KPERS is currently a qualified, governmental, § 401(a) defined benefit pension plan, and has received IRS determination letters attesting to the plan’s qualified status dated October 14, 1999 and March 5, 2001. KPERS is also a “contributory” defined benefit plan, meaning that employees make contributions to the plan. This contrasts it from noncontributory pension plans, which are funded solely by employer contributions. The City’s employees currently annually contribute 6% of their gross salary to the plan if such employees are KPERS Tier 1 members (covered employment prior to July 1, 2009), KPERS Tier 2 members (covered employment on or after July 1, 2009), or KPERS Tier 3 members (covered employment on or after January 1, 2015).

In 2021, the Legislature authorized the issuance of revenue bonds to provide net proceeds of up to \$500 million (the “Revenue Bonds”) the proceeds of which must be applied to the unfunded actuarial pension liability as directed by KPERS. The Revenue Bonds in the principal amount of \$504,535,000 were issued August 26, 2021. The repayment of the Revenue Bonds shall be subject to legislative annual appropriation, shall not be an obligation of the KPERS system, and the full faith and credit or taxing power of the State shall not be pledged to the repayment of the Revenue Bonds. Due to the authorization of the Revenue Bonds, the Legislature changed the State/School employer contribution rate from 14.09% to 13.33% for fiscal year 2022 and from 13.86% to 13.11% for fiscal year 2023. In 2022, the Legislature authorized additional contributions totaling \$1.125 billion in four payments to be deposited into the KPERS trust fund for the School Group. Typically, when such additional contributions are made by the State, the statutory employer contribution rates for the following two fiscal years are recertified by the Legislation; however, the recertification has not yet occurred. For more information about the Legislature’s actions related to KPERS, please see the 2021 Valuation Report referenced below.

The City's contribution varies from year to year based upon the annual actuarial valuation and appraisal made by KPERS, subject to legislative caps on percentage increases. The City's contribution is 8.90% of the employee's gross salary for calendar year 2022. The City's contribution is projected to change to 8.43% of gross compensation for calendar year 2023. In addition, the City contributes 1% of the employee's gross salary for Death and Disability Insurance for covered employees.

According to the Valuation Report as of December 31, 2021 (the "2021 Valuation Report") the KPERS Local Group, of which the Issuer is a member, carried an unfunded accrued actuarial liability ("UAAL") of approximately \$1.783 billion at the end of 2021. The amount of the UAAL in 2021 changed from the previous year's amount due to the factors discussed in the 2021 Valuation Report; such report also includes additional information relating to the funded status of the KPERS Local Group, including recent trends in the funded status of the KPERS Local Group. A copy of the 2021 Valuation Report is available on the KPERS website at kpers.org/about/reports.html. The City has no means to independently verify any of the information set forth on the KPERS website or in the 2021 Valuation Report, which is the most recent financial and actuarial information available on the KPERS website relating to the funded status of the KPERS Local Group. The 2021 Valuation Report sets the employer contribution rate for the period beginning January 1, 2024, for the KPERS Local Group, and KPERS' actuaries identified that an employer contribution rate of 9.26% of covered payroll would be necessary, in addition to statutory contributions by covered employees, to eliminate the UAAL by the end of the actuarial period set forth in the 2021 Valuation Report. The statutory contribution rate of employers currently equals the 2021 Valuation Report's actuarial rate. As a result, members of the Local Group are adequately funding their projected actuarial liabilities and the UAAL can be expected to diminish over time. The required employer contribution rate may increase up to the maximum statutorily allowed rate, which is 1.2% in fiscal year 2017 and thereafter.

The City has established membership in the Kansas Police and Fire Retirement System ("KP&F") for its police and fire personnel. KP&F is a division of and is administered by KPERS. Annual contributions are adjusted annually based on actuarial studies, subject to legislative caps on percentage increases. According to the 2021 Valuation Report, KP&F carried an UAAL of approximately \$1.140 billion at the end of 2021. For KP&F, the Issuer's employees currently annually contribute 7.15% of their gross salary to the plan. For the year beginning January 1, 2022, the Issuer contributes 22.99% of employees' gross compensation.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
McPherson, Kansas 67460

Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of McPherson, Kansas (City), a Municipal Financial Reporting Entity, as of and for the year ended December 31, 2022 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City as of December 31, 2022, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City as of December 31, 2022, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by the City on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts, expenditures-actual and budget, and schedule of regulatory basis receipts and disbursements-agency funds (Schedules 1, 2, and 3 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In

our opinion, the accompanying supplementary information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of City of McPherson, Kansas as of and for the year ended December 31, 2021 (not presented herein), and have issued their report thereon dated July 1, 2022, which contained an unmodified opinion on the basic financial statement. The 2021 basic financial statement and their accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <https://admin.ks.gov/offices/oar/municipalservices>. The 2021 actual column (2021 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures—actual and budget for the year ended December 31, 2022 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2021 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 basic financial statement. The 2021 comparative information was subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 basic financial statement or to the 2021 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2021 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended December 31, 2021, on the basis of accounting described in Note 1.

CITY OF MCPHERSON, KANSAS

NOTES TO FINANCIAL STATEMENT

For the Year Ended December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Municipal Financial Reporting Entity

The City of McPherson, Kansas (the City) is a municipal corporation governed by an elected three-member commission. The financial statement presents the City of McPherson (a municipal financial reporting entity) and its related municipal entities. The Board of Public Utilities of McPherson, Kansas (the BPU) consists of the municipal electric and water utilities that provide services to approximately 8,903 electric and 6,003 water customers. The BPU's operational control and administration is under a three-member appointed Board of Directors. However, the BPU is owned by and is a part of the municipality of the City because the City holds the corporate powers of the BPU. The BPU is considered an administrative agency of the City by statute. The City has the following related municipal entity shown on Schedule 3.

Library Board. The City of McPherson Library Board operates the City's public library. Acquisition or disposition of real property by the Library Board must be approved by the City. Bond issuances must also be approved by the City. Complete financial records for the Library Board may be reviewed at the administrative offices of the entity at 214 W. Marlin, McPherson, Kansas, 67460.

The City also has a related municipal entity as follows shown on Schedule 2 as a Special Purpose Fund.

McPherson Landfill Improvement Corporation. The City of McPherson owns a former landfill site south of McPherson. Complete financial records for the McPherson Landfill Improvement Corporation may be reviewed at the administrative offices of the entity at 400 E. Kansas, McPherson, Kansas, 67460.

(b) Regulatory Basis Fund Types

General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Fund – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Fund – funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund, etc.).

Trust Fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (i.e. payroll clearing fund, county treasurer tax collection accounts, etc.).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

(c) *Basis of Accounting*

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The *Kansas Municipal Audit and Accounting Guide (KMAAG)* regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for the application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

(d) *Budgetary Information*

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, Special Purpose Funds (unless specifically exempted by statute), Bond and Interest Funds and Business Funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1) Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2) Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3) Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4) Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The municipality did hold a revenue neutral rate hearing for the year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were budget amendments for the year 2022.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for Capital Project Funds, Agency Funds, Trust Funds and certain Special Purpose Funds and the Related Municipal Entity as noted in the presentation of the appropriate Schedule 2.

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Kansas Statutes

No statute violations noted in 2022.

3. DEPOSITS AND INVESTMENTS

As of December 31, 2022, the City had the following investments:

Investment Type	Fair Value	Investment Maturities (in Years)					Rating
		Less than 1	1-5	6-10	More than 10		
Kansas Municipal Investment Pool	\$ 8,947,686	\$ 8,947,686	\$ -	\$ -	\$ -	\$ -	S&P AAAF/SLT

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has an investment policy that does not further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The City's allocation of investments as of December 31, 2022, is as follows:

Investments	Percentage of Investments
Kansas Municipal Investment Pool	100%

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured by December 31, 2022.

At December 31, 2022, the City's and Library's carrying amount of deposits was \$28,024,577 and the bank balance was \$27,494,089. The bank balance was held by three banks resulting in a concentration of credit risk. Of the bank balance, \$1,000,000 was covered by federal depository insurance and \$27,194,116 was collateralized with securities held by the pledging financial institutions' agents in the City's name.

Custodial credit risk – investments. For an investment, this is the risk that in the event of the failure of the issuer or counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At December 31, 2022, the City had invested \$8,947,686 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

4. LONG-TERM DEBT

Changes in long-term liabilities for the City for the year ended December 31, 2022 were as follows:

Issue	Interest Issue	Date of Issue	Amount of Issue	Original Date of Final Maturity	Balance Beginning of Year	Additions	Reductions of Principal	Balance End of Year	Interest Paid
General Obligation Bonds:									
Series 137 of 2015	2.00% to 3.00%	7/22/15	3,750,000	7/1/25	\$ 590,000	\$ -	\$ 140,000	\$ 450,000	\$ 17,700

Total Contractual Indebtedness					\$ 53,762,955	\$ 235,000	\$ 4,049,386	\$ 49,948,569	\$ 1,457,529

Continuing Disclosure Requirements

The City of McPherson as Issuer and Dissemination Agent, posted the prior year Annual Audit Report to EMMA (Electronic Municipal Market Access) on a timely basis (a requirement of no later than 210 days after the year-end) as reflected in the continuing disclosure instruction of the City's bond documents. The 2021 Annual Audit Report was posted to EMMA on July 29, 2022.

Arbitrage Calculations

Based on the opinion letters from Gilmore & Bell, P.C. of Kansas City, MO, the City of McPherson, as Issuer, is in compliance with the arbitrage rebate calculations pursuant to Code Section 148(f) of the Internal Revenue Code of 1986 as amended.

4. LONG-TERM DEBT (CONT.)

Current maturities of long-term debt and interest for the next five years and in five year increments through maturity are as follows:

	2023	2024	2025	2026	2027	2028-2032	2033-2037	2038-2042	2043-2047	2048-2051	Total

5. PENSION COSTS AND EMPLOYEE BENEFITS

(a) *Defined Benefit Pension Plan*

Plan Description. The City and the BPU participate in the Kansas Public Employees Retirement System (KPERS) and the Kansas Police and Firemen's Retirement System (KP&F). Both are part of a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS and KP&F issue a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 and KP&F be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.90% for KPERS and 22.99% for KP&F for the fiscal year ended December 31, 2022. Contributions to the pension plan from the City and BPU were \$885,052 for KPERS and \$730,587 for KP&F (Library was \$40,995) for the year ended December 31, 2022.

Net Pension Liability. At December 31, 2022, the City and BPU's proportionate share of the collective net pension liability reported by KPERS was \$9,687,422 and \$7,533,123 for KP&F (Library was \$505,242). The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022. The City and BPU's proportion of the net pension liability was based on the ratio of the City and BPU's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

(b) *Death and Disability Other Post Employment Benefits*

K.S.A. 74-4927, disabled members in Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2022.

(c) *Deferred Compensation Plan*

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is available to all employees who qualify under the plan terms, and permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

5. PENSION COSTS AND EMPLOYEE BENEFITS (CONT.)

(d) *Other Employee Benefits*

Vacation - Vacation leave shall be accrued from the employee's date of employment as stipulated hereinafter. If not taken, vacation leave shall accrue from year to year up to the maximum provided depending upon the employee's years of service. No vacation leave shall be taken until a new employee has completed the evaluation period.

Each permanent full-time employee will accrue vacation leave as follows:

<u>Years of Service</u>	<u>Hours Accrued</u>	<u>Maximum Accumulation</u>
<u>Per Year</u>		
0 to 5 years	80 working hours	120 working hours
5 to 10 years	120 working hours	180 working hours
10 to 15 years	144 working hours	216 working hours
15 to 20 years	160 working hours	240 working hours
After 20 years	200 working hours	300 working hours

An employee shall be paid for all accumulated unused vacation leave upon termination.

Sick leave – All full and part-time employees shall be entitled to sick leave with pay for absences resulting from personal illness, injuries, accidents or other physical incapacities, occurring either on or off the job. Full-time employees shall earn one working day of sick leave for each full month of service. Part-time employees shall receive the equivalent of a regularly scheduled day for each full month of service. Other employees shall not have paid sick leave. An employee beginning work on or before the 15th of the month shall get credit for a full month. On termination of employment an employee shall not be paid for accumulated sick leave. Accordingly, no disclosure for accumulated sick leave has been made in the accompanying financial statement.

(e) *Other Post Employment Benefits*

As provided by K.S.A. 12-5040, the City allows retirees to participate in the group health insurance plan until they reach 65 years of age. While each retiree pays the full amount of the applicable premium, conceptually, the City is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

6. SELF-INSURANCE PROGRAM

The City is responsible for a potential liability up to \$100,000 per individual per year for health care claims. This plan had fixed costs of \$127,442. Management believes claims incurred, but not reported, are insignificant at December 31, 2022. Starting December 31, 2007, the City chose to not self-insure for workers' compensation. Changes in health insurance claims liability for 2022 and 2021 were as follows:

	<u>2022</u>	<u>2021</u>
Beginning Balance	\$ 100,000	\$ 100,000
Additions	2,020,012	1,863,482
Payments	(2,020,012)	(1,863,482)
Ending Balance	<u>\$ 100,000</u>	<u>\$ 100,000</u>

7. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

The McPherson Area Solid Waste Utility (the Utility), of which the City of McPherson is a member, is subject to the U.S. Environmental Protection Agency rule "Solid Waste Disposal Facility Criteria" which establishes closure requirements for all municipal solid waste landfills that receive solid waste after October 9, 1991. The Utility is responsible for operating and other costs including postclosure costs while it is in existence. Any possible contributions by Utility members required to fund postclosure requirements is not determinable at this time.

The City is subject to various laws and regulations with respect to environmental matters such as air and water quality. The effect of any future changes in environmental laws and/or regulations cannot be estimated. However, compliance with such changes may necessitate substantial expenditures.

8. CLAIMS AND JUDGMENTS

The City participates in federal, state and county programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of the date of this report, grant expenditures have not been audited, but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the City.

Notwithstanding anything to the contrary, 2021 was marked by the Covid-19 pandemic and the unique continuing responses at all levels of government and society. The City participated in various activities and governmental programs to address the public health, economic and societal well-being issues presented. The Pandemic continued at the end of 2021 and the governmental program requirements were continuously evolving and unclear. The City does not currently anticipate material liability from its pandemic response.

The City is exposed to various risks of loss related to property loss; torts; theft of, damage to, and destruction of assets; errors and omissions; employee injuries and natural disasters. The City has purchased commercial insurance for these potential risks. There have been no significant reductions in insurance coverage from 2021 to 2022 and there were no settlements that exceeded insurance coverage in the past three years.

During the ordinary course of its operations the City is exposed to various claims, legal actions and complaints. It is of the opinion of the City's management and legal counsel that these matters are not anticipated to have a material impact on the City. Except as noted below, there were no liability insurance settlements during 2022 nor are there any pending settlements as of December 31, 2022. However, there have been material property damage settlements as the result of storm damage. The property damage settlement and restoration process continues without material concern.

9. LANDFILL CLOSURE AND POSTCLOSURE CARE COST

The City of McPherson and the Kansas Department of Health and Environment (KDHE) entered into a voluntary settlement agreement as of November 6, 1992. The settlement agreement concerns the preparation of a remedial investigation and feasibility study, and participation in good faith negotiations for remedial activities, if required, to be determined following opportunity for public involvement for an area known as the "McPherson City Landfill" located near McPherson, Kansas.

In entering into this settlement agreement, the KDHE and the City of McPherson were going to determine the nature and extent of contamination and any threat to the public health, welfare or the environment caused by the release or threatened release of hazardous substances, pollutants or contaminants at or from the McPherson City Landfill. Once these determinations were made the City of McPherson submitted a work plan for Phase I activities. They were also required to submit plans for Phase II, III and IV, which dealt with closure and postclosure activities. As of July 29, 2005, the City of McPherson had performed entirely the closure activities of the settlement agreement at a total cost of approximately \$424,000. Postclosure expenditures are estimated to be approximately \$450,000 spread over a twenty-year period.

10. CAPITAL LEASE – RECREATION COMPLEX

During the year ended December 31, 1996, the City entered into a Lease Purchase Agreement with Security Bank of Kansas City, as lessor, providing for the acquisition and construction of an outdoor recreational complex (the "Project") to be operated and maintained by the McPherson Recreation Commission (the "Commission"). Funds for acquisition and construction were raised by the lessor by the issuance of Certificates of Participation in the Lease Purchase Agreement in the amount of \$1,000,000. As part of this financing structure, the bank, acting as lessor and trustee for the owners of the Certificates of Participation, paid the purchase price for the site for the Project, which was deeded to the City. The City then leased the site to the bank under a Site Lease, and leased it and the improvements constructed back from the bank under the Lease Purchase Agreement. The terms of the Site Lease and the Lease Purchase Agreement run simultaneously. Rentals payable under the Lease Purchase Agreement will be adequate to pay the owners of the Certificates of Participation their original investment plus interest. Upon payment of all rental payments under the Lease Purchase Agreement, the City has the right to own the Project free of any claims of the bank.

On November 12, 2013, the Certificates of Participation were paid in full. This fulfilled the contractual obligations of the Lease Purchase Agreement.

On August 15, 2013, the City issued General Obligation Bonds Series 136, of which, \$800,000 of the bond proceeds were for the purpose of funding a large portion of public building improvements to the existing Grant Field Complex in the form of additional restrooms and storage, additional ball fields including fences, dugouts, and bleachers, as well as an irrigation system to the new and existing fields and a project drainage system. The total estimated cost of the project was \$976,500. The \$800,000 portion of the bond issue is funded by 20-year bonds and is scheduled to be paid by lease payments from the Commission. In June 2013, the Commission entered into a 10-year lease ending May 31, 2023 to lease Grant Field Complex from the City. The lease will automatically renew for a second 10-year term unless either party notifies the other in writing 90 days or more before the end of the first term. The Commission shall pay the City annual rental payments enough to pay all debt services related to, or associated with, the facility and are summarized below:

Year	Total Basic Rental Payment	Principal Component	Interest Component
2023	60,200	40,000	20,200
2024	59,000	40,000	19,000
2025	57,400	40,000	17,400
2026	55,800	40,000	15,800
2027	59,200	45,000	14,200
2028-2032	288,275	245,000	43,275
2033	57,338	55,000	2,338
	<u>\$ 693,463</u>	<u>\$ 540,000</u>	<u>\$ 153,463</u>

11. REVENUE BONDS

The various bond ordinances require that certain restricted funds be established to ensure the payment of bonds and interest and to enable the City to meet future needs arising from unusual maintenance requirements or income shortfalls. The ordinances also require the City, among other things, to establish rates and collect charges sufficient to pay the operating maintenance and debt service costs of the utilities and to provide net operating income before depreciation and payment in lieu of taxes, of at least 125% for the electric fund and 125% for the water fund of the maximum annual debt service due on the outstanding bonds. As of December 31, 2022, the City exceeded this coverage requirement for electric and water debt. All of the City's utility plant facilities are pledged under the terms of the ordinances. The City was in compliance with all other requirements of the revenue bond ordinances at December 31, 2022.

12. INTERFUND TRANSFERS

Operating transfers were as follows:

From	To	Regulatory Authority	Amount
Operating transfers (City):			
General Operating	Consolidated Street and Highway	K.S.A. 12-1,119	\$ 550,000

13. OTHER RELATIONSHIPS

McPherson Area Solid Waste Utility

The City of McPherson along with McPherson County and seven other cities located within McPherson County entered into an interlocal agreement, authorized by State Statute, to form the McPherson Area Solid Waste Utility (the Utility) effective July 17, 1991. The purpose of the Utility is to assist its Members in planning, technical and financial matters for comprehensive solid waste management and accomplish the desired objectives of an effective county-wide solid waste management program, including the operation of a cooperative solid waste management program and the operation of a cooperative solid waste processing and disposal system for the benefit of its Members.

Management of the Utility is carried out by an appointed three member Board of Directors. The City appoints one member to the Board of Directors, McPherson County appoints a second Director and the third Director is appointed collectively by the other seven Members of the Utility.

The agreement and the Utility may be terminated by written consent of at least two-thirds of the Members, provided that prior to such termination all contractual obligations and indebtedness of the Utility have been paid in full or sufficient resources have been escrowed for the payment of such obligations in full when due. Upon such termination, the Board of Directors shall liquidate the Utility and distribute the assets in a manner that, in its discretion, it deems appropriate. Accordingly, any ongoing financial interest or access to the Utility's resources is indeterminable until such action is taken by its Board of Directors. In addition, no Member shall be permitted to withdraw for twenty years or such sooner time as provision is made for the payment or discharge of the debt incurred by the County or assumed by the Utility. Any withdrawing Member shall not be entitled to distribution of any real or personal property of the Utility by reason of its withdrawal.

The Board of Directors shall determine the methods of obtaining financing for the Utility. The County provided the initial financing for the acquisition of land to be used as a site for disposal of refuse, constructing structures and acquiring equipment necessary for the sanitary disposal of refuse in McPherson County. Effective January 1, 1992, the fiscal accounting and operations of the Utility were transferred from McPherson County to management of the Utility.

Financial information of the McPherson Area Solid Waste Utility is not included in this report. Complete financial statements may be obtained from the administrative offices of the entity at 1431 17th Ave, McPherson, KS 67460.

McPherson City/County Airport

The McPherson Airport Authority (the Authority) was established as provided for by applicable State Statutes. The property and business of the Authority is managed by its Board of Directors. The Board consists of five directors. Four directors are selected by the governing bodies of the City and County, two by the City and two by the County, and one at-large director is selected by the other four. Each entity provides ongoing financial responsibility through annual appropriations for the operation of the airport on an equal basis, as determined through the preparation of an annual operating budget. The City levies property taxes for its allocation and McPherson County funding is provided from the County's General Fund.

The Authority is authorized only to issue revenue bonds, notes or other evidence of indebtedness payable from airport revenues. Title to the airport property remains with the City and County as equal co-owners. Title to all real and personal property purchased with funds of the Authority will be acquired, held and disposed of in the name of the Authority unless otherwise required by law or by the terms of a gift or grant. The Authority may be dissolved by vote of at least two-thirds (2/3) of the respective governing body members of each owner. The Board of Directors of the Authority shall liquidate the assets of the Authority and distribute the assets of the Authority or the net proceeds thereof to the City and County in a manner to be determined by it pursuant to law. Full possession and use of the Airport shall revert to the owners as equal tenants in common upon termination of the Authority.

13. OTHER RELATIONSHIPS (CONT.)

In 2020 the Authority was awarded a grant through the Federal Aviation Administration (FAA) in the amount of \$240,000. This grant provides for an Updated Airport Layout Planning Project - which the FAA requires every eight to 10 years. Airport Development Group of Denver, Colorado was selected to manage the project. Due to lack of progress on the project, our relationship with ADG will be terminated, and we will engage another firm to finish the ALP, which has a deadline of July 7, 2024, which is more than adequate for completion.

In 2021, the airport was granted funds in the amount of \$229,537 for replacement of the failed Supplementary Wind Cone and the failing Precision Approach Path Indicator (PAPI) lights, which closed out in March of 2022 after a successful FAA test flight.

We are applying for a KDOT grant of approximately \$25,000 to cover replacement of our failed Runway Lighting Regulator.

Complete financial information for the McPherson City/County Airport may be obtained from the administrative offices of the entity at 1000 S. 81 Bypass, McPherson, Kansas, 67460.

14. CAPITAL PROJECTS

Capital project authorizations with approved change orders compared with expenditures (excluding principal and interest, legal fees, etc.) from inception are as follows:

	Project Authorization	Expenditures to Date
Community Building Renovation	\$ 5,325,454	\$ 5,232,398
CDBG 2020	325,000	245,077
Northview Multiuse Trail	339,842	339,254
Erosion Control - Golf Course	172,000	172,000
Northgage Drainage	358,570	402,470
Wall Park Bank Restoration	472,845	428,708
North Frontage Road Extension	565,957	504,264
Total	\$ 7,559,668	\$ 7,324,171

15. SUBSEQUENT EVENTS

2022 TA Grant Sidewalk Phase 2 - On July 29, 2022 The City of McPherson was awarded a TA Grant to construct a 10' sidewalk from Main to Veranda Circle along the North Side of Northview. Total Cost of this sidewalk is estimated at \$1,070,439. City share of the project is estimated at \$214,088 (20%). Shortly after the grant was awarded a second sidewalk was added to the scope of this project. A 5' sidewalk from Main Street to Grimes along the south side of Northview will now be constructed at a cost of \$729,500, City share of this sidewalk is estimated at \$145,900. Construction is expected to start in 2023.

2022 CCLIP - On August 9, 2021, public works received approval for CCLIP grant to mill and overlay Main Street south to RR tracks. Design will be done in-house. Total estimated cost was \$475,329 with an estimated \$205,329 for the local match. Project is due to be completed in late 2022 or early 2023.

Phase 3 and 4 Lakeside Bank Restoration - On April 25, 2023 Commission approved Design for Phase 3 and 4 bank restoration. Each Phase includes replacing approximately 900 lineal foot of embankment. Estimated cost for each project is \$500,000. Phase 3 is expected to be constructed in 2024, Phase 4 is expected to be constructed in 2025.

13. OTHER RELATIONSHIPS

McPherson Area Solid Waste Utility

The City of McPherson along with McPherson County and seven other cities located within McPherson County entered into an interlocal agreement, authorized by State Statute, to form the McPherson Area Solid Waste Utility (the Utility) effective July 17, 1991. The purpose of the Utility is to assist its Members in planning, technical and financial matters for comprehensive solid waste management and accomplish the desired objectives of an effective county-wide solid waste management program, including the operation of a cooperative solid waste management program and the operation of a cooperative solid waste processing and disposal system for the benefit of its Members.

McPherson City/County Airport

The McPherson Airport Authority (the Authority) was established as provided for by applicable State Statutes. The property and business of the Authority is managed by its Board of Directors. The Board consists of five directors. Four directors are selected by the governing bodies of the City and County, two by the City and two by the County, and one at-large director is selected by the other four. Each entity provides ongoing financial responsibility through annual appropriations for the operation of the airport on an equal basis, as determined through the preparation of an annual operating budget. The City levies property taxes for its allocation and McPherson County funding is provided from the County's General Fund.

The Authority is authorized only to issue revenue bonds, notes or other evidence of indebtedness payable from airport revenues. Title to the airport property remains with the City and County as equal co-owners. Title to all real and personal property purchased with funds of the Authority will be acquired, held and disposed of in the name of the Authority unless otherwise required by law or by the terms of a gift or grant. The Authority may be dissolved by vote of at least two-thirds (2/3) of the respective governing body members of each owner. The Board of Directors of the Authority shall liquidate the assets of the Authority and distribute the assets of the Authority or the net proceeds thereof to the City and County in a manner to be determined by it pursuant to law. Full possession and use of the Airport shall revert to the owners as equal tenants in common upon termination of the Authority.
